

# FOOD & BEVERAGE PROCESSORS KNOW... *Non-Slip Hi-Traction Covers Keep Operations Safe!*

**SAFEGUARD Technology Inc.**

presents anti-slip safety covers for steps, ladder rungs and walkways. With Hi-Traction grit surfaces ideally suited for the slippery, wet, sticky, oily or dusty environments in food and beverage processing facilities.

# SAFEGUARD® Anti-Slip Safety Covers

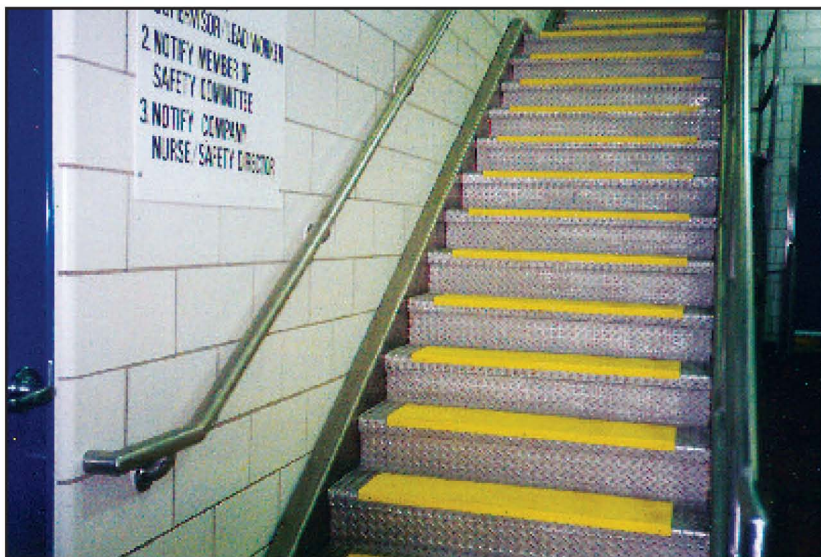

## Protect Your People

### SAFEGUARD® Covers are...

- Accepted by the U.S.D.A. for food processing plants.
- Easily installed over open gratings, and, for other types of surfaces, our covers can easily be sealed with an approved sealer/adhesive to inhibit bacterial growth.
- Able to handle the tough sanitation and cleaning of greasy environments at food and beverage processing facilities. The covers exhibit excellent anti-corrosion properties and can withstand high pressure alkaline power washing. They also perform well in other diverse environments from cold storage and freezer units to high heat baking areas.
- Available in Stainless Steel or lightweight, corrosion resistant Pultruded FRP Composite.
- Offered in a range of colors including safety yellow, gray, black, and two-tone. Photoluminescent (glow-in-the-dark) is also available to provide safe plant egress during an emergency.
- Able to provide superior traction and slip resistance. We have been supplying anti-slip covers for the food and beverage industries for 15 years and have an impeccable track record of success!

*Various applications shown of SAFEGUARD® Covers at food and beverage processing facilities.*
