

Hi-Traction® Covers
**POWER
INDUSTRY**

Testimonial from VP of Safety of major U.S. Power Generating Company

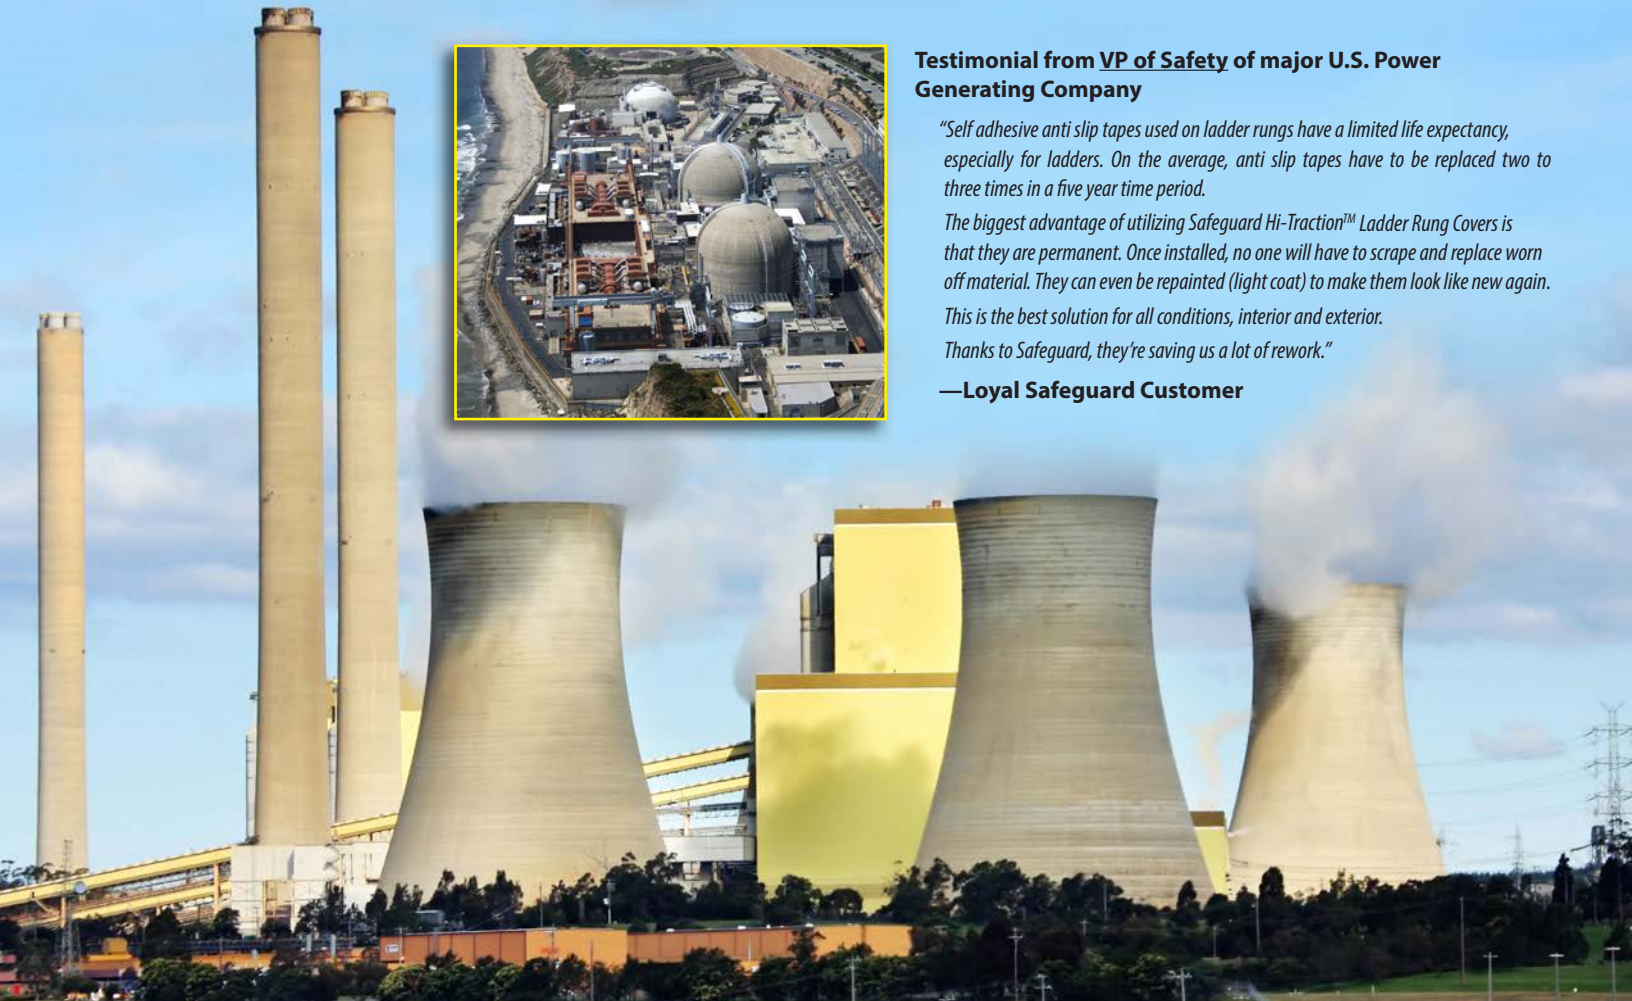

"Self adhesive anti slip tapes used on ladder rungs have a limited life expectancy, especially for ladders. On the average, anti slip tapes have to be replaced two to three times in a five year time period.

The biggest advantage of utilizing Safeguard Hi-Traction™ Ladder Rung Covers is that they are permanent. Once installed, no one will have to scrape and replace worn off material. They can even be repainted (light coat) to make them look like new again.

This is the best solution for all conditions, interior and exterior.

Thanks to Safeguard, they're saving us a lot of rework."

—Loyal Safeguard Customer

SAFEGUARD® HI-TRACTION® ANTI-SLIP COVERS
Powerful Solutions to Slip & Fall Problems.

Join hundreds of other Utility Facilities like yourself that have switched from anti-slip paints and tapes to SAFEGUARD® Technology Hi-Traction® Step Covers, Ladder Rung Covers and Walkway Covers. Hi-Traction® Covers prevent costly slips and falls in even the most slippery, wet and extreme environments.

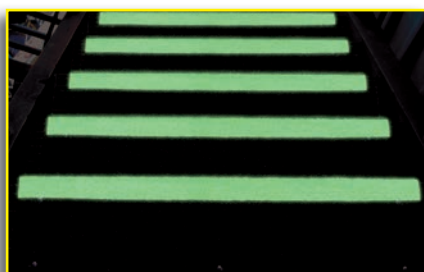

Hi-Traction® Covers POWER INDUSTRY

SAFEGUARD® Hi-Traction® Covers Protect your most valuable assets — Your employees!

Looking for the best solution to handle hazardous slips and falls in Power Plants?
Put SAFEGUARD® Covers to work. They are used worldwide, in a range of industries for
enhanced safety and superior traction.

Hi Traction® Step Covers have a vertical lip that wraps over the leading edge where most slips occur. All Safety Covers are available in a range of grit surfaces and colors including photoluminescent (glow in the dark). Contrasting two-tone configurations provide additional visual safety.

Hi-Traction® Walkway Covers are made of lightweight, durable pultruded or molded composite fiberglass (FRP), galvanized or stainless steel, depending on the application. PPE and critical safety messaging as well as company logos are also available options.

Hi-Traction® Ladder Rung Covers are prefabricated for fast and easy on-site installation over stairs, walkways, decks, and ladder rungs. The Covers can be installed using screws, bolts and nuts or liquid adhesive, depending on the application.

Hi-Traction® Safety Yellow Walkway Covers
are available in custom sizes, colors
and configurations

Safeguard® Hi-Traction® Covers are an excellent long-term safety investment compared to anti-slip tapes or paints that cost more money and time in the long run. Safeguard also backs its Hi-Traction® Covers with a 5 year warranty.

Hi-Traction® Ladder Rung Covers offer Anti-Slip protection
for additional safety in the most dangerous work areas
